

Regional and National Scholarship Guide

This list of scholarships may encourage undocumented students to apply, not inquire about immigration status, or require a valid social security number to redeem the award. If you do not have a social security number and an application asks for one, leave that space blank and turn in the complete application. Do not lie about your legal status or provide a false social security number (this is a federal offense). Reach out and directly contact the organization with any questions regarding eligibility or criteria to receive the scholarship. Best of luck!
In order of upcoming deadlines:
